Re: Lower Passaic River Study Area
Freedom of Information Act Appeal: EPA-R2-2014-005768

Dear Sir/Madam:

Our firm represents the Cooperating Parties Group ("CPG") with respect to the Lower Passaic River Study Area ("LPRSA"). I am writing to appeal a Freedom of Information Act Request ("FOIA Request") submitted to the United States Environmental Protection Agency ("EPA") Region 2 on April 21, 2014, in relation to EPA's Proposed Plan for the lower eight miles of the LPRSA ("Proposed Plan"). A copy of the FOIA Request is enclosed.

By letter dated May 22, 2014, Region 2 advised that it would take until the end of July 2014 to respond to the FOIA Request. On May 27, 2014, EPA produced an interim release of documents. By letter dated June 17, 2014, the CPG expressed concern to EPA that the information provided to date related to the FOIA Request, as well as three other FOIA requests, was of limited value and the information requested by the CPG should have been part of the publicly available administrative record so that interested stakeholders could fully understand and evaluate EPA's results in the Proposed Plan. By email dated July 24, 2014, EPA revised the estimated completion date to the end of August 2014. By email dated August 28, 2014, EPA revised the estimated completion date to the end of September 2014. EPA's email further indicates that information responsive to all of the questions in the FOIA Request has been released, except 8, 9, and 11 (number 13 was withdrawn as duplicative). The CPG disagreed with this conclusion by letter dated September 19, 2014. By email dated September 26, 2014, EPA revised the estimated completion date to October 3, 2014. By email dated October 3, 2014, EPA notified the CPG that additional documents were available in response to the FOIA Request.

K&L GATES

Headquarters Freedom of Information Staff

November 7, 2014

Page 2

Region 2 subsequently provided the CPG with a letter from Eric Schaaf, Regional Counsel, advising that the FOIA Request was completed, except for certain documents that EPA claims are exempt from FOIA as set forth in an enclosed withholding log. The letter was stamped with the date October 10, 2014, but was not transmitted to the CPG until October 29, 2014 via email. Copies of the October 10, 2014 letter and October 29, 2014 email transmittal are enclosed. Thus, the letter, which was accompanied by an invoice dated October 27, 2014, appears, for some unknown reason, to have been backdated to October 10, 2014. The backdating of the letter becomes significant because, as the letter states, "[y]our appeal must be made in writing, and it must be submitted no later than 30 days from the date of this letter."

The CPG cannot be expected to conduct any meaningful review of the adequacy of EPA's response to our FOIA Request and evaluate the withholding log by November 9, 2014, when we only just received EPA's letter on October 29, 2014. However, the CPG currently does not believe that EPA has adequately and fully responded to the FOIA Request. Therefore, we are submitting this appeal in preservation of our rights. We will supplement this appeal by 30 days from receipt of EPA's letter, or by November 28, 2014.

Very truly yours,

William H. Hyatt, Jr.

Re: Diamond Alkali Superfund Site

To Whom It May Concern:

I am submitting this document request pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552 et seq. This request concerns the United States Environmental Protection Agency's ("EPA") files relating to the Diamond Alkali Superfund Site (the "Site") which includes the former pesticides manufacturing plant and surrounding properties at 80 and 120 Lister Avenue in Newark, New Jersey, the Lower Passaic River Study Area and the Newark Bay Study Area. The EPA Site ID number is NJD980528996.

Specifically, I request copies the documents listed in Attachment A annexed hereto, which relate to EPA's recently Proposed Plan for the Site.

I would ask that you contact me at your earliest convenience to discuss arrangements for providing the requested documents. This firm will of course take responsibility for any necessary copying and/or shipping charges. Your prompt attention to this matter is greatly

appreciated. Thank you for your anticipated cooperation.

Sincerely,

Robert Paul La Gravenis

ATTACHMENT A

Documents Requested from EPA Region 2 on 4/21/14

1. An Access or Excel file containing each normalized tissue and sediment concentration data pair (with units, basis and data qualifiers) used to generate a regression model, Biota-Sediment Accumulation Factor (BSAF) curve or Biota Accumulation Factor (BAF) curve presented in Final FFS Appendix A, Data Evaluation Report 6 (Biota Analysis).

- o The Access or Excel file should identify, for each biota tissue sample location, all tissue and sediment sample IDs used to generate the normalized tissue and sediment concentration data pair for that location.

2. A flat file dataset in Access or CSV including at least the following fields for each sample that was used to generate the normalized tissue and sediment concentration data pairs that were used to generate a regression model, BSAF curve or BAF curve presented in Final FFS Appendix A, Data Evaluation Report 6 (Biota Analysis):

- o Source
- o Study
- o Location
- o Coordinates
- o River mile (if appropriate)
- o Species and tissue type (for each tissue sample)
- o Sample depth (for each sediment sample)
- o Sample ID
- o Sample type (e.g., field duplicate)
- o Analyte name, including all contaminants, lipid, TOC and iron
- o Numeric concentration for each analyte, including numeric concentrations for each sum component (e.g., for Polycyclic Aromatic Hydrocarbon (PAH) mixtures) and calculated totals
- o Data qualifiers
- o Units
- o Basis (e.g., dry weight)

3. Data files, including database query output (e.g., sample ID, analytical results, qualifiers) and ProUCL input file, for tissue samples included in current baseline Human Health Risk Assessment (HHRA) fish and crab tissue Exposure Point Calculations (EPC)

4. Technical bases (analyses, calculations, model files and results, and any other relevant materials) for EPA's sliding scale of annual averages based on receptor exposure duration (used to estimate future concentrations)

5. Technical back-up/documentation for EPA's analysis of 2000 US Census data for Essex and Hudson counties (used to estimate residence time)

6. Technical back-up/documentation for EPA's re-analysis of Joanna Burger's 1999 survey of Newark Bay anglers (used to estimate fish and crab consumption rates)

7. Any correspondence between Region 2 and NJDEP on NJDEP angler surveys that included sites on the LPR, and any data and analysis from those surveys

8. Any correspondence between the Region and the National Remedy Review Board (NRRB) since the group's comments were submitted in Nov. 2012 and issuance of the NRRB/Contaminated Sediments Technical Advisory Group (CSTAG) final comments on April 11, 2014

9. Any correspondence between the Region 2 and HQ on draft versions of the Proposed Remedial Action Plan (PRAP) and Focused Feasibility Study (FFS) documents

10. Technical bases (analyses, calculations, modeling files and results, mapping, and any other relevant materials) used to develop the capping area footprints for Alternative 4

11. Technical backup/documentation for all unit or rollup cost items > \$5,000 that cite to "Internal Database" in FFS Appendix H

12. The Louis Berger Group, Inc., 2007. "Staging and Processing Areas, Treatment Technologies, and Transportation Logistics Review." Lower Passaic River Contract. Prepared for the NJDEP. April 2007.

13. Data and technical basis for 1) modeled background tissue concentrations, and 2) modeled future tissue concentrations, including the technical basis of EPA's sediment-tissue regression models for HHRA species evaluated in the FFS.

14. The data set used to develop EPCs used in the Ecological Risk assessment and shown in Table 7-6 of the FFS RI. This would include EPCs for sediment, the tissue concentrations for the 'generic fish', biota tissue for mummichog, and crab EPCs.

Re: Freedom of Information Act (FOIA) Request EPA-R2-2014-005768

Dear Mr. La Gravenis:

This will respond to your Freedom of Information Act ("FOIA") request EPA-R2-2014-005768 seeking documents as set forth in Attachment A to your FOIA request, modified by the subsequent withdrawal of #13 as duplicative. This completes our response.

Previously, on May 27, 2014, EPA released information responsive to #5, #6, #7 and #12 of Attachment A to your FOIA request, and directed you to information either already provided to the Cooperating Parties Group (CPG), or that was already publicly available, responsive to #3, #4, #10 and #14 of your request.

The second and final release, uploaded to FOIAonline on October 3, 2014, included information responsive to #1, #2, #6, #7, #8, #9 and #11 of Attachment A. The document entitled BSAF Tissue Sediment Data, responsive to #1 and #2, was also made available to the public on ourpassaic.org in July 2014.

EPA is withholding certain responsive information that is exempt from disclosure as set forth on the enclosed withholding log.

You may appeal this denial response to the National Freedom of Information Officer, U.S. EPA, FOIA and Privacy Branch, 1200 Pennsylvania Avenue, N.W. (2822T), Washington, D.C. 20460 (U.S. Postal Service Only), E-mail: hq.foia@epa.gov. Only items mailed through the United States Postal Service may be delivered to 1200 Pennsylvania Avenue, N.W. If you are submitting your appeal via hand delivery, courier service or overnight delivery, you must

address your correspondence to 1301 Constitution Avenue, N.W., Room 6416J, Washington, D.C. 20004.

Your appeal must be made in writing, and it must be submitted no later than 30 calendar days from the date of this letter. The Agency will not consider appeals received after the 30 calendar day limit. The appeal letter should clearly identify the determination being appealed, including the assigned FOIA request number shown above. For quickest possible handling, the appeal letter and its envelope should be marked "Freedom of Information Act Appeal." See 40 C.F.R. §2.104(j) for further information regarding appeals of adverse determinations under FOIA.

Pursuant to 40 C.F.R. § 2.107, EPA will transmit a bill for the costs incurred by EPA in searching our files, reproducing documents, and preparing our response to your FOIA request, which total \$3,360. You should receive the bill through FOIAonline, along with instructions for payment.

Please contact Sarah Flanagan of my staff at 212-637-3136 if you have any questions concerning this matter.

Sincerely yours,

Eric Schaaf
Regional Counsel
